EXPLANATION OF SALADMASTER BUCKS (SMB's)

* SMB's can be received in lieu of a Hostess Gift. Those who do not own a set can redeem SMB's for Hostess Gifts (see choices above), not items from set. Owners of Saladmaster cookware through Foodture- have the privilege of being able to add any item to their set when redeeming their SMB's.

\$100 SMB's awarded for every qualified* couple who attends your dinner (**Max given per dinner \$300 SMB**) * (2) gainfully employed, health conscious singles = (1) couple.

\$100 SMB's for everyone that purchases a set at your dinner.

Purchases that are made must be approved and delivered for SMB credit to be given. A set sale is a standard Saladmaster set. **Individual piece purchases and custom packs (under \$2,000) are given a credit of \$50 SMB.**

- * SMB's credits are not transferable to another individual. *SMB's has no cash value and are redeemable only through the office that issued them.
- * When redeeming your SMB's for a hostess gift, **no SMB "change" is given** if you have more SMB's credits than the price of the item requested.
- * If you do not have enough SMB's to complete your purchase, you may either host another dinner to earn more SMB's or pay the difference Between the amount of bucks you have earned and the retail price of the gift you want.
Example; You earned \$200 SMB and the item you want costs \$300 SMB you can send a check for \$100 to pay the difference (or Host more Shows to get more SMB). Foodture reserves the right to replace a requested gift for another premium of equal or greater value. NSF Fee: \$35
